1. Go to https://answergarden.ch/
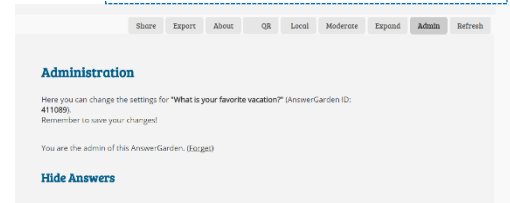

2. Create an Answer Garden
   -enter your question or topic
   -choose a mode (brainstorm-unlimited responses, classroom-unlimited
        responses but responses can only be entered once, moderator-responses must be approved, locked)
   -set answer length (20 or 40)
   -set a password (so you can edit the answer garden later)
   -enter your email
   -turn spam filter on/off
   ***set to hidden (unless you want the possibility of other kids joining in)

3. Share the Answer Garden/get students to the Answer Garden
   -have student type the code (end of URL) into the Answer Garden App
   -click to show the QR code/students scan the QR code
   -paste the link on your Teacher Page or in G.Classroom
   -embed the Answer Garden on your Teacher Page
